

# North Highland Pledge

I pledge to be a responsible visitor to the  
North Highlands

I will travel with excitement, but  
not Covid-19 symptoms.

When I enjoy the quiet roads, I will  
always give way to faster traffic.

Although social distancing has never felt  
better, I will not forget to maintain it.

I will immerse myself in this place  
and my hands in sanitiser.

When nature calls, I will not  
answer the call on nature.

Although my eyes are wide open, I will use a  
face covering where advised and required.

My payment may be contactless for safety, but my contribution  
will resonate through the local economy long after I leave.

When I stop to take breath-taking photos, I will  
not take the breath away from other drivers.

When I sleep under distant stars, I will keep my distance from  
farm animals, buildings, roads, and historic structures.

This land might set me on fire, but I will  
not set a fire on it.
